THIS WEEK

ANDY PRESENTS

Because he's no doubt working on his tax return, ANDY BENCOSME won't be able to introduce his program for this week. He has arranged for Carmen Berry, President/ Co-founder of Hope Partnership Nepal to address our group. Carmen first became aware of the dire needs of the disadvantaged in Nepal when she adopted a Nepalese baby girl. Upon her return to the US, she and listed board members founded HPN. Carmen is a stress management consultant coach, and the author/coauthor of 19 books. She has appeared on hundreds of TV shows including Oprah and Montel; her story has been featured in People Magazine, Newsweek and USA Today, Carmen has a MA in Social Sciences and a Master of Social Work. She brings a wealth of knowledge and experience to this effort, having worked in private non-profit management since 1981. A not to be missed must see.

Programs are available: Program Coordinator LARRY MALINGERER has several folks who will gladly provide a program on short notice. If you're scheduled to obtain a program and at a loss, see LARRY.
